

(b) Amendments to the Claims

Please cancel claims 2, 8 and 17. A detailed listing of the claims is provided which replaces all earlier versions.

1-15. (Cancelled)

16. (Previously Presented) A luminescent device comprising:
a pair of electrodes consisting of a first electrode and a second
electrode, a luminescent layer having an organic compound disposed between said pair of
electrodes, a first organic compound layer between said first electrode and said luminescent
layer and a second organic compound layer between said second electrode and said
luminescent layer,
wherein said luminescent layer has a host material and a guest
material, said guest material being a copper coordination compound represented by the
following

17. (Canceled)
